## Notes:

- Date written as “year/month” if month known. Either copyright date, or if month given, the issue date.
- D-A in the Date column means the roll was converted by Ampico from a Duo-Art performance.
- No title begins with “A” or “The”, except for French, Italian etc (eg, Les Preludes, La Campanella).
- The # symbol is used in lieu of No. (number). No title has an &, but file names do.
- Spelling as per Elaine Obenchain’s rollography.
- Titles mostly converted to English, eg Valse to Waltz. Titles given here might therefore differ to the original as printed on the roll.
- Some salon music items border on being a popular item.
- MIDI file names have the following basic rules:
  - Composer name, if used, is in (brackets). Used in similar name items (eg Nocturne), except Chopin, where it’s assumed.
  - Pianist name follows item name after a comma, where needed for same item with different performances.
  - File names pretty close to title as in catalog, always start with the same word so title and file name lists agree alphabetically.
  - No use of period in file names.
  - Lower case for minor key, upper for major key.

## Statistics

- Most recent is dated 1939 (*Moonlight Sonata*, Paderewski, from Duo-Art).
- Nine rolls are from 1970’s productions (Bill Flynt, Larry Givens etc).
- 640 recordings are from original rolls (89%).
- 78 recordings are from reprints (10%), nine are new issues (1%), with four having the source roll unidentified at the time of recording the roll.
